

Summary of IEEE Activities for AY 2020-21

S.No	Activities	Date Conducted
1	Webinar on “Condition Monitoring of Transformer Using Dissolved Gas Analysis Techniques”	September 10 th , 2020
2	Webinar on “Smart Grid”	September 20 th , 2020
3	Webinar on “Radio Standards for 4G Wireless Communication”	September 21 st , 2020
4	Webinar on “Role of Smart Grid in Facilitating the Integration of Renewables”	September 23 rd , 2020
5	Online short term course on “Smart City Development Through IoT”	September 27 th to 29 th , 2020
6	Webinar on “Artificial Intelligence for Business Operations”	October 18 th , 2020
7	Webinar on “Introduction to Deep Learning”	February 10 th , 2021
8	IEEE Membership Campaign	March 2 nd , 2021
9	IEEE Membership Campaign	May 25 th , 2021
